FOR IMMEDIATE RELEASE, w/photo, 4/26/10

Cut line for photo – United Way Funding Process Underway. Executive Director of the United Way of Greater Oswego County, Melanie Trexler address members of the United Ways Community Investment Committee regarding the guidelines for the agency’s funding process. The Community Investment Committee is comprised of community volunteers who serve on one of five panels that deal with a specific field of service. The panels visit United Way member agencies to evaluate programs and services related to their field and recommend to the United Way Board of Directors the funding support to be provided to those programs. For more information on your United Way or the agency’s funding process you may contact your United Way office at 593-1900.
