WE ARE UNITED WAY

The United Way of Greater Oswego County improves lives by fostering partnerships, mobilizing the community to give and volunteer, raising awareness of local human needs and supporting solutions that address those needs.

Everyone deserves to have a good life.

United Way is advancing the common good by changing systems to help all of us. We are all connected and interdependent. We all win when a child succeeds in school, when families are financially stable, when people are healthy. United Way’s goal is to create long-lasting changes by addressing the underlying causes of these problems. Living united means being a part of the change. It takes everyone in the community working together to create a brighter future.
